

Flexible Waste Management

- Whether you have a Restaurant, Body Corporate or Shopping Centre waste management is an issue. We can manage your waste stream effectively and efficiently with a range of wheelie bins and rear lift trucks.
- The trucks can deliver and pick up in places where accessibility is limited, and their noise level is greatly reduced.
- Where there is a large volume of waste requiring quick turn around we supply larger wheelie bins delivered by front loading trucks.

Wheelie Bins Available

	240 lt
	660 lt
	1000 lt

Recycling For The Environment

Most waste collected in wheelie bins by Kartaway can be recycled. With our own transfer stations dedicated to a high level of recycling and green star certification, we take caring for the environment seriously.

By recycling bottles, cardboard, paper, plastics, garden waste and glass we divert large volumes of waste from landfill.
